Two Schools, Two Great Civilizations

Rome, ITALY

Rome is the cradle of a millennial civilization that has always inspired and amazed the world. It provides a unique cultural setting in which students can enjoy a culturally rich experience while participating in courses which offer world-class teaching and a global experience. Rome is an astounding blend of experience and beauty of what humanity has reached; also thanks to a special programme aimed at enhancing your business creativity and innovation through the stimuli of art.

Brilliance Business School

Brilliance Business School is a prestigious management educational institution that offers a wide spectrum of business and management postgraduate programs in collaboration with international partners and global bodies. The post-graduate programs differ to include Doctorate, Master, Diplomas and certificates in various fields of business and management.

During the past years, Brilliance Business School has been one of the vital destinations for thousands of management professionals who benefited from its diverse programs in different business fields. Brilliance Business School has alumni of thousands of graduates who successfully completed their programs.

On the corporate level, Brilliance Business School works with hundreds of reputable organizations from both multinational and domestic business sectors where postgraduate programs, professional trainings and management consulting services are provided.

Brilliance Business School Management Team, Professors, Instructors and Consultants are dedicated jointly to provide business professionals not only the knowledge and best practices but also the hands-on experience and applications they need in their careers.

Rome Business School

Rome Business School is an academic and research school of excellence that offers a wide range of academic postgraduate programs. Rome Business School is one of the unique business schools in Italy accredited from the Italian Ministry of Education, University and Research (MIUR) and aims at playing a role in closing the gap between the academic world and the job market. This happens through providing quality programs suited to convey the knowledge necessary to kick off or develop professional careers or business activities. In which gives graduates, professionals and entrepreneurs the chance to develop their competencies in managerial disciplines based on the best international standards.

Rome Business School's MBA Program is officially ranked at 59th position in the global top 100 by [Eduniversal Business School Ranking as the Best Masters and MBA Ranking 2019](#). All Rome Business School's programs feature the highest levels of teaching quality and a scrupulous care for the participants' needs. The personalized assistance of expert teachers, the wealth of learning materials and the meticulous checking of the learning progress ensure the maximum effectiveness of its post graduate programs.
